## WORK EXPERIENCE

### Web Developer

Re Create Technologies

05/2023 - Present

As a Web Developer at Re Create Technologies, I have contributed to a variety of web development projects, focusing on WordPress and Shopify. My experience includes:

- Developing service-based websites, business platforms, and e-commerce sites using WordPress with Elementor, WPBakery, and WooCommerce.
- Building Shopify websites for clothing brands, perfumes, and dropshipping businesses.
- Creating custom projects using HTML, CSS, and JavaScript.
- Working with hosting platforms like Hostinger, cPanel, and Namecheap.
- Managing databases using phpMyAdmin for importing and handling data.

## PERSONAL PROJECTS

### Business Website for Tech Startup (WordPress)

- Built a professional business website using WordPress and Elementor for a tech startup. The site features custom layouts, interactive elements, and is optimized for performance and SEO.
- **Skills Used:** WordPress, Elementor, Google Analytics, Google Ads, Theme Customization, SEO Optimization

### E-Commerce Store for Clothing Brand (Shopify)

- Developed a fully responsive Shopify store for a local clothing brand. Customized the theme to align with the brand's identity, integrated secure payment gateways, and optimized the site for mobile devices to enhance user experience.
- **Skills Used:** Shopify, Theme Customization, Responsive Design, Payment Integration

### Personal Portfolio Website

- Designed and developed a personal portfolio website to showcase projects and skills. The site is fully responsive and includes sections for work experience, projects, and contact information.
- **Portfolio Link:** <https://linkwithabdullah.vercel.app/>
- **Skills Used:** HTML, CSS, JavaScript, Responsive Design, Vercel Deployment
